

Transforming Animal Skulls  
into Works of Art

Creations - Commissions - Restoration

## SPIRIT

Skullz.ink artistic process is **ethical** :  
Honoring the animals memory by giving them a second life.

A life where they will be **unique pieces of Art**.  
All skulls have a **soul**, a **personality** and a **story**.  
They are either **found or collected** as waste material,  
**No** animal has been **exploited** for the purpose of making these **pieces**.

The **process** for cleaning skulls is simple and **environmentally friendly**.  
To guarantee safe and clean products all skulls are **sterilized**  
and have any **sharp edges removed**.
